The Sqdn. Post Office reported a heavy influx of mail including 60,000 cigarettes and 70 packets of honey dips are here again. Our first accident occurred today when L.A.C. G.H. Lewis, E.15876, a G.S. employed as a rigger in the Sqdn. Orderly Room, while riding a bicycle along the perimeter track on duty, collided head-on with a contractor's vehicle. He is now in York Military Hospital with a broken leg. The Station softball team, which consists largely of Sqdn. personnel went to No. 6 Group H.Q. this evening and played a team there winning a first half played game by 8 to 3. Capt. Levi, Jewish Padre, was on the Station late this afternoon and Sqdn. personnel of that faith conferred with him at Station H.Q.</p>		
THORCHOFF	15.8.43		<p>Church services were held today by Rev. F.H.D. Mitham, C.14601, for R.C.'s in the Mess building at 0900 hrs. and by W/Lt. L.G. Scott, G.3657, and W/Lt. A.E. Harris, 37878, and lasted about an hour during which a number of service and personal topics were discussed. There were many complaints regarding lack of cleanliness and the poor quality of food and the way it was being cooked in all three messes. These matters are being brought to the attention of Station H.Q. at once. A photographer from Linton Station came over this afternoon and took pictures of six of our crews for Squadron records. W/Sgt. L.A. News, 10377, from the R.C.A.F. Overseas Film Unit, Public Relations Dept. of R.C.A.F. Overseas, H.Q. Cross Country flying and a Bull's eye started for tonight were scrubbed at the last minute because of adverse weather.</p>

The rear gunner in "D" Sgt. L. [unclear], R.126400, had a miraculous escape, as the whirling propellers of "B" cut into the other aircraft. W/Asst. F.G. OPERATIONS RECORD BOOK

TROUSERS	31.8.43	Continued	<p>Sgt. I. O. Patrick, R. 2543, M/AM, Sgt. S. G. Young, K107929, RAB, and Sgt. J. Ben, R. 29348, P/E. 614 not return and have been reported as missing on operations. The only flying during the day consisting of returning A/O "B" from Galtwhell and A/O "B" from Silverstone to base. The squadron is on ops again tonight but only a limited effort is possible because of lack of serviceable aircraft, which is becoming a real problem. Briefing started at 1800 hours and shortly after 1900 hours the crews were on their way to the aircraft dispersals. A/O "A" in charge of Sgt. R. Ellis, R. 124266, and crew, took off at 2020 hours, followed by P/O Lord, J. 6229 and crew in "B" at 2025 hours, P/O J. Hockley, J. 4562, and crew in "B" at 2029 and Sgt. A. Austin, 658281, and crew in "B" at 2035 hours. The last A/O to take off had to make two trips down the runway as on the first attempt the pilot whirled down and rolled to the far end of the runway when his engineer reported a strong odor of petrol. On examination it was found that the overload tank was not capped but a cap was soon secured and a take off accomplished on the second attempt. Our luck has not been good so we are about due to have all starters return safe and sound for a change. The squadron went on its first ops on the night of 12/13 August, 1943, and has since lost 7 crews and 3 second pilots for a total of 52 OFFICERS, and R.C.A.F.'s which is no mean contribution to the war effort from No. 6 Group's youngest squadron.</p>
